

MULTI-PURPOSE GREASE

Q.A.P MULTI-PURPOSE LITHIUM GREASE is high quality multi-purpose grease for use in all automotive chassis, universal joints, water pumps, roller, plain, and AF bearings in automotive and general commercial and industrial applications.

Q.A.P MULTI-PURPOSE LITHIUM GREASE has excellent shear stability over a broad operating temperature range making it ideal for year round service. It contains extreme pressure (EP) additives to provide superior load carrying capabilities to reduce wear and extend equipment life. The strong resistance to spin off and water resistance means it maintains protection in adverse conditions.

Q.A.P MULTI-PURPOSE LITHIUM GREASE meets NLGI LB for proven oxidation resistance, shear stability, corrosion protection, and wear protection.

Q.A.P MULTI-PURPOSE LITHIUM GREASE is available in a standard NLGI (National Lubricating Grease Institute) #2 for ease of application by hand, pressure gun, or from a centralized greasing system.

Q.A.P MULTI-PURPOSE LITHIUM GREASE is not recommended for use on wheel bearings with disc brakes. For those applications, use Q.A.P HEAVY DUTY MULTI-PURPOSE GREASE

FEATURES

- High quality Lithium thickener
- Good shear stability
- NLGI #2 grade for multiple types of dispensers
- Meets NLGI LB requirements for automotive chassis

BENEFITS

- Economical for a broad array of applications
- Strong performance life
- Resists spin-off and water wash off
- Year round performance

MULTI-PURPOSE GREASE

TYPICAL PERFORMANCE RESULTS

	MP Lithium Grease
NLGI GRADE	2
CONE PENETRATION @ 25°C, WORKED 60 STROKES (D-217)	265-295
THICKENER TYPE (D-128)	Lithium 12 Hydroxy
DROPPING POINT (°C) (D-2265)	185
BASE OIL VISCOSITY cST @ 40°C (D-445)	180
COLOR	Amber
APPEARANCE	Smooth
TIMKIN OK LOAD LBS (D-2509)	35
OPERATING TEMP RANGE °C	-5 to 145
FOUR BALL EP WELD (D-2596)	160

AVAILABLE SIZES & CODES

	400g x 30 tubes Case
Q.A.P MULTI-PURPOSE LITHIUM GREASE	FXG000211
