These things eat cars!

Put your clean-up problems behind you! Because THE BEAST can handle all your tough stripping jobs. The robust Rapid Strip discs work wonders on all kind of surfaces. On rusted, hard-to-reach areas, wheel wells or under the hood. In truck beds, door jambs, under carriage areas. Or try its fast, aggressive action on undercoatings, pinchwelds or drip rails. It won't quit - or load or fray or tear either. So why spend more time on surface prep than you have to? When the going gets tough, reach for THE BEAST. Another time saving innovation from the company that's revolutionizing refinishing.
