- Steel line to nylon line adapters
 - Allows an old steel fuel line to be repaired with updated nylon line

Ignition Lock Cylinder

924-784
Chrysler 2007-98, Dodge 2009-98,
Jeep 2005-98, Plymouth 2001-97
Pop Code: B | VIO: 7,046,490

OE PROBLEM: When the original ignition key fails, the dealer requires an expensive replacement, plus programming.

OE FIX: Calibrates to the original ignition key, eliminating the need to disassemble the cylinder for recoding before use.

- Easily codes with the turn of the key - no assembly required

FAILURE MODE:

- Tumbler wears out over time, resulting in binding and the inability to turn key

Radiator Shutter Assemblies

OVER 5 SKUS AVAILABLE

601-322
Ford Explorer, Police Interceptor Utility 2016-13
Pop Code: D | VIO: 915,828

ONLY AVAILABLE FROM DORMAN

- Regulates airflow through radiator to engine compartment
- Comes ready to install with motor for a complete repair
- No programming required

FAILURE MODE:

- Broken grille shutters or motor failure results in illumination of the check engine light and higher than normal engine temperatures

COLD WEATHER
ADHESIVE WHEEL WEIGHT TAPE

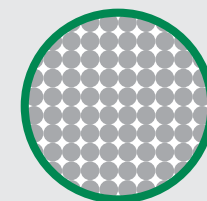

Don't let the cold get you down. Be efficient. Be **Perfect**.

Most adhesives are inefficient below 40°F but our Cold Weather Tape maintains an optimal bonding power at temperatures as low as 15°F, so you save time and money by eliminating the need to heat the wheel in temperatures below 40°F. Our cold weather wheel weights are well suited for any vehicle, but offer exceptional adherence in cold temperatures.

HOW IT WORKS

STANDARD VS **COLD WEATHER**

Standard open cell foam may hold moisture.

Cold weather closed cell foam does not.

200624CW QuickStik®

A low profile adhesive weight in a 3 oz. strip for use on most wheels.

Product Details .25 oz. segments, 3 oz. per strip, 52 strips per box, 624 segments per box

Product Size Low profile, 0.1563" height, 0.75" width

-  Lead
-  .25 oz. Segments
-  Uncoated Only

300360CW QuickStik®

A standard profile heavy-duty adhesive weight in a 6 oz. strip that is made for medium & heavy-duty truck applications.

Product Details .50 oz. segments, 6 oz. per strip, 30 strips per box, 360 segments per box

Product Size Standard profile, 0.2813" height, 0.75" width

-  Lead
-  .50 oz. Segments
-  Uncoated Only

200624STCW QuickStik®

A low profile adhesive weight in a 3 oz. strip that features an aftermarket optimized coating for corrosion protection.

Product Details .25 oz. segments, 3 oz. per strip, 52 strips per box, 624 segments per box

Product Size Low profile, 0.1875" height, 1" width

-  Steel
-  .25 oz. Segments
-  5-Year Coating

300360STCW QuickStik®

A standard profile heavy-duty adhesive weight in a 6 oz. strip that features an aftermarket optimized coating for corrosion protection.

Product Details .50 oz. segments, 6 oz. per strip, 30 strips per box, 360 segments per box
