CONNECT & PROTECT

Grote LED Lamps

No matter where you're going or what you're doing, these lamps will light up what's in front of you!

GROTE LED BAR LAMPS

- Grote bar lamps are easier on vehicle electrical systems because they run cooler and use less power than halogen or HID lamps of the same output.
- The Far Flood pattern shines far and wide with light most like sunlight so you always know what you're looking at.
- The bar lamps are built to withstand extreme heat or cold.
