TOOLS, POWER & VISIBILITY

1000+LM LI-ION Underhood Light

W2673

- Innovative design spans hoods over 6 feet wide and wraps up for compact storage
- 15 in. (38 cm) flexible light bar provides a variety of uses and allows light to be directed right where you need it
- Adjustable elastic strap fits almost any size hood
- Rubber padded hooks prevent scratching or denting

20V Li-Ion 1/2" Brushless Hammer Drill

W7722

708 in. lbs. of torque at your fingertips. A two-speed transmission lets you control your speed.

20V Li-Ion 1/2" Brushless Impact Wrench

W7720

Delivers up to 375 ft. lbs. of reverse torque, and it features an auto-stop function to reduce the risk of stripped threads.

70+LM Penlight

20202

- Super Bright Nichia LED never needs replacing
- Anodized aluminum housing with pocket clip.
- Compact design fits anywhere.
- Requires 3 AAA batteries (included)
- Specs: 72 Lumens, 4.5 hour run time, 1333cd beam intensity, 73m beam distance.

7567		25lb bag	

Coloured T-Shirt Reclaimed coloured t-shirt rags are manufactured from recycled cotton and cotton-blend knit fabrics, delivering a soft, absorbent, and economical wiping solution for a wide range of cleaning applications.

Premium White T-Shirt Engineered for performance and consistency, our Premium White T-Shirt Wiping Rags deliver superior absorbency, low lint, and reliable quality for demanding cleaning and finishing applications. Made from high-quality reclaimed cotton, these soft, durable cloths are ideal for tasks where cleanliness and surface protection matter.

Coloured Fleece Our Coloured Fleece Wiping Rags deliver exceptional softness and absorbency, making them ideal for applications where a gentle touch and high liquid retention are essential. Made from reclaimed fleece materials such as sweatshirts and hoodies, these thick, plush cloths provide superior wiping performance for both industrial and janitorial use.

Two Drive Lines. One Standard of Quality.

CV Axles and Drive Shaft Assemblies Engineered to Meet or Exceed OEM Fit, Form, and Function - For Automotive & Light Duty Trucks

FOLLOW US ON SOCIAL MEDIA

CV AXLES

Exceeds OEM Quality, Fit & Function

TrakMotive New Premium CV Axles are engineered to the highest standards in the industry — meeting or exceeding OEM specifications in fit, form and function. Every axle is 100% brand new, built in our state-of-the-art ISO 9001:2015 and IATF 16949:2016 certified facility.

FEATURES & BENEFITS

1. **Precise ABS Compatibility**
   Assembled with the correct ABS ring for accurate fit and proper function.*
2. **Enhanced Core Strength**
   Heat-treated, precision-machined solid steel shafts improve durability.
3. **Durable Dust Protection**
   Premium neoprene boots offer superior flexibility and long service life.
4. **Reinforced Clamping**
   Stainless steel band clamps resist deformation and stretching.
5. **Extended Component Life**
   Precision rolled splines and threads reduce wear over time.
6. **Stability Under Acceleration**
   OE hollow tube design holds the wheel steady under hard throttle.*

DRIVE SHAFTS

100% machine balanced for a trouble-free service life, free of vibration and driveline noise.

FEATURES & BENEFITS

1. **TPE (Thermoplastic Elastomers) Dust Boots**
   Better resistance to deformation, debris, oils, heat cycling and ozone.
2. **Premium U-Joints**
   Forged 3-layer sealed construction handles higher torque, maintenance free.
3. **Low Friction Sliding Joints**
   Special spline coating extends life and eliminates clunking noises.
4. **Stainless Steel Clamps**
   Added strength and corrosion resistance in extreme temperatures.
5. **Durable Coating**
   Premium coating protects the shaft from premature corrosion.

Where applicable to OE design.
