

PRO **MAXX55™**

100% New Brake Calipers
Unmatched Performance, No Compromises

No Core Returns

Say goodbye to the hassle of core returns. PROMAXX55 calipers are designed with your convenience in mind, ensuring a seamless replacement without the need for old core returns.

Long-lasting Engineering

Our brake calipers feature all-new castings, for the highest quality and durability for your customer's braking system. Each caliper is fully coated to offer superior corrosion protection, ensuring the new part stays visually pleasing and reliable over time.

Beyond OE Specs

We don't just meet industry standards; we exceed them. Our calipers are engineered to meet or even exceed OE specifications, delivering top-tier performance you can trust.
